Kent and Tony,

I suggest meeting at the Arkwood site at 11:00 am. The Arkwood site is located approximately one-third mile down Cricket Road off of old Highway 65. The site is on the north side of the road...the site is fenced along the roadway so it should be fairly distinctive. The gate at the main site will be locked but there is plenty of entrance drive to allow you to get off the road (in case you arrive early).

Sorry I missed you call earlier. If you need additional directions, please let me know.

Thanks,
 Jim

Hi Jim,

I just left a message for you on your phone. Tony Schrader from our Little Rock office is planning to meet you on Tuesday. We really need to know what time and where to meet you, so Tony can plan his trip up there. Do you have a cell phone number that you can pass onto Tony?

Here is Tony's work cell phone 501-590-4376 (doesn't take it home on weekends and his personnel cell phone (b) (6))
